In order to request a restriction in our use and disclosure of your PHI you must make your request in writing to the Director of Health Information Management specifying the method of contact, or the location where you wish to be contacted. We will accommodate reasonable requests. You need not give a reason for your request.

We are not required to agree to your request except in the case of a request that we not release to your health insurance company PHI that pertains solely to a health care item or service for which you have paid us out of pocket in full. If we do agree we are bound by our agreement except when otherwise required by law, in emergencies or when the information is necessary to treat you. If multiple medical services are provided to you at one time, you will have to pay for all of the services in order to restrict the disclosure of any of them to your health insurance company. If you require a follow-up care related to the undisclosed service and you decide you do not want to pay for that service, we may inform your health insurance company about the previously undisclosed service.

**Confidential Communications**

You have the right to request that we communicate with you about your health and related issues in a particular manner, or at a certain location. For instance, you may ask that we contact you by mail, rather than by telephone, or at home rather than work.

We will accommodate reasonable requests. You do not need to give a reason for your request.

**Inspection and Copies**

You may ask to see or get an electronic or paper copy of your PHI. In accordance with state law we may charge a fee. In accordance with law and our best judgment, we may deny your request to inspect and/or copy your PHI in certain limited circumstances; however, you may request a review of our denial.

**Amendment**

You may ask to amend your PHI via addenda if you believe it is incorrect or incomplete, and you may request an amendment for as long as the information is kept by us. To request an amendment, your request must be made in writing to your healthcare provider. You must provide us with a reason that supports your request for amendment. Crystal Run Healthcare will act on the request within 60 days of receipt of request, the time period may be extended once for an additional 30 days. Health Information Management will notify you in writing the reasons for the delay and the date by which we will complete your request.

We may deny your request if you fail to submit your request and the reason supporting your request in writing. Also, we may deny your request if the amendment would violate any law or statute or if you ask us to amend information that is:

1. Accurate and complete;
2. Was not created by Crystal Run;
3. If the individual who created the information is no longer available to act on the request; or
4. Not part of the PHI which you would be permitted to inspect or copy.

**Accounting of Disclosures**

An accounting of disclosures is a list of certain disclosures we have made of your PHI, which you did not specifically authorize. You have the right to request a copy of our accounting of disclosures for your PHI. Your request must be made in writing to the Director of Health Information Management. All requests for an accounting of disclosures must state a time period that may be no longer than six years and may not include dates before April 14, 2003. The first list you request within a 12-month period is free of charge. A charge for subsequent requests in the same 12-month period will be imposed in accordance with state law. A record of disclosures will be provided within 60 days of receiving the request, the time period may be extended once for an additional 30 days.
